## STATE DEPARTMENT OF AUDIT

Augusta

July 22, 1946

Board of Selectmen  
Sidney  
Maine

Gentlemen:

In accordance with Chapter 16, Section 3, Revised Statutes of 1944 and at your request, the records of the Town of Sidney have been audited by Auditor Carl G. Hawes for the period February 11, 1945 to February 10, 1946 inclusive.

The examination was made in accordance with generally accepted auditing standards applicable in the circumstances and included all procedures which were considered necessary. Insofar as could be ascertained within the scope of the examination, the financial transactions of the town appear to have been appropriately handled.

Exhibits and schedules incorporated in this report impartially present the financial position of the town and the result of its operations for the period designated.

Comments and other data incorporated in this report may prove of interest to you. All of which is respectfully submitted.

Very truly yours,

FRED M. BERRY,  
State Auditor

### COMMENTS

Re: Audit of Accounts—Town of Sidney  
February 11, 1945 to February 10, 1946

#### **Cash**

Cash on deposit and subject to check totaling \$5,890.09 was verified with the bank statement, and cash of \$5,000 in the savings account was verified with the savings pass book. The amounts so reported reconciled with the balance as reflected on the records of the town. All receipts were examined and found to be correctly recorded.

#### **Accounts Receivable**

Due to the age of these items, it would seem advisable to write them off during the current year if no collections are made.

#### **Taxes Receivable**

The 1945 commitment of taxes to the Collector was compared with the records of the Assessors and found in agreement. The balance due from the Collector on this commitment was represented by a list of unpaid taxes taken from the records. Payments received on prior years' unpaid taxes appeared to have been credited against the proper accounts.

#### **Tax Liens**

Payments received on tax liens were found to have been applied against the proper items. The 1937 tax liens and some 1938 tax liens are not on file with the Treasurer.

#### **Capital Reserve Fund**

This fund in the amount of \$1,000 is in a savings account and has been set aside for the construction of a school building, as per vote of the town.

#### **Surplus**

At the close of the year, the unappropriated surplus amounted to \$4,276.38, as compared to an unappropriated

surplus of \$7,711.78 at February 10, 1945. This represented a decrease of \$3,435.40 during the year under examination, the detail of which may be found on Exhibit E of this report.

### Trust Funds

The trust fund investments were examined and all income withdrawn appeared to have been properly accounted for.

### General

The 1945 excise tax receipts numbered 101 to 296, and the 1946 excise tax receipts numbered 1 to 127, were checked from the copies of the receipts and all monies were found to have been deposited with the Treasurer.

#### REPORT OF HONOR ROLL COMMITTEE

In following out the proposal which this Committee made in 1945, a bronze plaque bearing the names of those who served in the Armed Forces of World War II was erected on a large boulder in front of the Town Hall. It was dedicated with appropriate exercises on September 22, 1946, the services being conducted by the Harry G. Decker Post, American Legion, Oakland.

The Committee would like to suggest that decoration and ordinary care of this Honor Roll be placed with the Committee for Memorial Day Observance.

The Committee wishes to thank all who helped on this project in any way, and especially Percy French for his in-

terest, advice and labor on the boulder, also Malcolm Philbrick for locating and moving the boulder.

VIRGINIA PETERSON,

Secretary

**TOWN OF SIDNEY FOR YEAR 1946****GREETINGS:**

The cessation of war activities, political changes, strike conditions with its obvious unemployment, causes us to realize that many people will be compelled to lower their standards of living. These people previously working and living in large industrial areas, will be returning to the smaller communities. Some will be able to carry out an improved standard of living; others, less wise, a lower standard. Communicable disease is on the upswing in many places. Therefore, with these factors in mind, it would appear that the health of our community is a very vital thing, needing the constant cooperation of the community with the State through the Public Health Nursing Service.

**Report of Nursing Service for year 1946:**

14 days of Service has been offered to Sidney this year. Home visiting, as usual, has been done in families wishing instructions in health.

3 Immunization Clinics were held; one in 1945 and two this year. 81 children were given protection against diphtheria, and 40 against whooping cough. This program was made possible by the cooperation of town officials, school members with the Public Health Nurse assisting.

136 children, with parental consent, were given the Tuberculin Test. Those reacting to the test have had chest X-rays when indicated.

Audiometer testing for hearing loss was done in one school with no defects found. The other remaining schools will be done during this school year.

As in last year's report, the need for a Local Health Council is pressing. Members of the community are becoming interested in such a Council, which, if formed, would enable us to present more special services to the people of the community.

In making the above report of the Service for 1946, may I, as your Public Health Nurse, thank you for past cooperation and urge a continuation of this loyal support for 1947!

Respectfully submitted,

EUNICE S. NOLLET,  
Public Health Nurse.

#### REPORT OF ROAD PLANNING COMMITTEE

The Long Range Road Planning Committee met in the early summer and made plans for the season's work.

It was voted to repair certain roads in Town not otherwise taken care of, and the following program was carried out. No one wants to shovel gravel by hand nowadays and it was late in the fall before we finally got a power shovel. The following roads were repaired and put in as good condition as possible, and cost as follows:

Knight Road, 180 yds. gravel	\$ 198.20
Field Road, 182 yds.	196.43
Blake Road, 75 yds.	146.30

## TOWN OF SIDNEY

	\$2,000.00
	\$2,000.00

The Road Planning Committee expects to be ready to do some permanent construction this year and we believe the chances are much better for getting the work done earlier in the season.

We recommend that the Town vote to discontinue the following Town Roads:

Peavey Road from Pond Road to Middle Road.  
 Sedgeley Road from Middle Road to Eight Rod Road.  
 Thayer Road from the River Road to the Eight Rod Road.  
 Lathe Road.  
 South Ferry Road.  
 Robinson Road from Quaker Road to Robinson driveway.

We recommend that the Town raise \$2,000.00 in 1947 to be expended under our supervision.

**REPORT OF THE SUPERINTENDENT OF SCHOOLS**

To the Superintending School Committee and Citizens of Sidney:

It is again a privilege for me to present the annual report of the Public Schools of Sidney for the fiscal year ending February 9, 1947.

**EDUCATIONAL PROBLEMS**

Special commendation is due the many lay magazines and newspapers currently publishing excellent articles on problems of public education throughout the U. S. With this background of difficulties elsewhere, it is quite understandable when local problems appear and adjustments are found to be necessary.

Teacher procurement has not eased since the close of the war. During the past six years, some 350,000 qualified teachers in this country have left their school positions. This number is over and above the losses expected from normal causes. It has been estimated that one-tenth of the teachers in Maine have less than standard qualifications to teach. With 1200 regular vacancies occurring each year in Maine to be filled by 250 graduates from the teacher training institutes, it easily can be seen that the supply of teachers is drying up at the source. The teaching profession will have to be made more attractive. One answer seems to be a greater recognition of the profession, higher salaries, and better teaching conditions which may mean, in the final analysis, Federal Aid, so that the ultimate objective, namely; equalized educational opportunity, may be achieved.

**ORGANIZATION**

The system of primary and grammar school divisions were maintained as of the past two years with six schools in operation. New teaching assignments for the year found Mrs. Amy Evans of Starks, Maine replacing Miss Stairs at the Lincoln School, Mrs. Wenona Goff filling the vacancy

caused by Miss Packard's resignation, and Mrs. Alice Reynolds completing the year for Mrs. Phyllis Parker who resigned at the end of the fall term. The veteran teachers, Mrs. Burton, Mrs. Philbrick, and Miss Hunnewell continued to serve the same schools as of last year.

### REGISTRATION

Enrollment for the fall term, fluctuating some throughout the term, remained about the same as that of last year. Registration by grades and schools is shown in the following tables:

Table I—ELEMENTARY SCHOOLS

School	J.P.	1	2	3	4	5	6	7	8	Total

Waterville H. S.....		2		3	5

### CONSOLIDATION

The interest in modernization of the Sidney school system aroused by the plans published in the 1946 town report should be maintained. Teachers and pupils alike will be handicapped in their progress until such a time as this objective is reached. It is recommended that the building fund be increased as rapidly as possible.

## P. T. A.

A local Parent-Teachers' Association was formed during the fall term at the Lincoln School and several worthwhile meetings were held. Renovations were encouraged and aided at not only the Lincoln School but the Bacon's Corner School as well. A playground equipment fund has been established and purchases are planned for the spring term. This movement is a forward step in the light of present day educational needs for the schools of Sidney.

## FINANCE

The school budget for the past fiscal year was under control despite increased cost of education. A balance of \$657.97 was maintained in the School Fund Account and the Special Account concluded with a balance of \$11.96.

Unfortunately or otherwise, according to a point of view, Sidney will not participate in the Equalization Fund next December. By virtue of this decrease in resources in addition to the necessary increase in teachers' salaries, it has become necessary to raise the appropriation for budget requirements \$3800 over that of last year. This increase may well be spread over two years as the rise in cost should set the local tax rate for school purposes in a favorable position to create eligibility once again in the Equalization Fund.

In conclusion, I wish to express my appreciation to all town officials, teachers, and interested citizens for their co-operation.

Respectfully submitted,

C. J. CUTTS,  
Superintendent of Schools.

## BUDGET RECOMMENDATIONS FOR 1947-48

1. School Fund Account	\$11,950
2. Special Account	550
